

EXCLUSIVELY FOR FAMILY OFFICES

UK | EUROPE | MIDDLE EAST | ASIA PACIFIC | USA

**I am the Team Lead for Agreus Group USA.**

Having spent more than a decade working in London as a specialist recruiter, I moved to East Africa to work exclusively for an UHNW Family.

I spent several years overseeing the recruitment for both the operational and investment side of the business and found an incredible opportunity to bring back my insider perspective to the global marketplace.

I now use this perspective to support Family Offices across the US and specialise in placing entry-level through to executive-level professionals within Investments, Legal, Accountancy and Finance and Operational roles.

“*Kay is well-experienced in Talent Acquisition and she has excellent communication, listening and candidate assessment skills. Kay relates well with candidates from the beginning of the recruitment process and is able to effectively connect & match organizational requirements & candidate expectations. I greatly appreciate her commitment and effort in ensuring that the candidates whom she has placed are able to settle well, especially international transfers.*”
